We are not liable for lack of availability of the Service on mobile or smart devices, or inability to download or use the Services via a particular smart device, or lack of Service or part of the Service, because of lack of Internet or because of mobile operator services (such as SMS or other) or Client's hardware specifics or problems.

1.15 The Agreement and all communication with Client will be in English language. Where we have provided Client with a translation of the English-language version of the Agreement or communication, Client agrees that the translation is provided only for Client convenience and that the English-language versions of the Agreement and communication will govern the relationship with us. If there is any contradiction between the English-language version and a translation, the English-language version takes precedence.

2. Eligibility. Registration, and using myPOS Service:

2.1 To be eligible for the Services, Client must (i) be a resident (address of Client's registration) of one of the countries listed on the website for the Service; and (ii) has full legal capacity to enter into a contract; and (iii) not be present on any black list or sanctions lists, related to AML/FT purposes, officially published and notified by Regulators or our black lists or black lists of Card Organizations; and (iv) use the Service for Client's legal business or professional activity. The Client attests that Client is not using the Service for personal, family, or household purposes. However, the Service may be used by a Client as a Micro-enterprise as defined in Payment Services Regulations 2017, in which case the Statutory Consumer Protection rules provided in the applicable law shall apply.

2.2 For regulatory, risk and security reasons we may impose or change the limits unilaterally and without the consent of Client, for which we shall inform Client via the website for the Service or via the Client's online account, unless we are not permitted by law to notify Client in certain cases. We are entitled at our sole discretion to decide whether or not to change the limits following a customer's request and we shall not be held liable by the Client in case of decline of such request.

2.3 Upon registration for the Service and during this Agreement, Client must provide current, complete and accurate information, as requested by us and maintain it as current and accurate during use of the Service. The claim of the Client for the Balance of e-money against us is only equal to the amount of electronic money in the respective currency, in which the electronic money is issued and is subject to this Agreement.

2.4.2 Set-off. Client agrees that myPOS Service may set-off any of the amounts held in Client's e-money accounts or currency balances held or controlled by Client with any fees, charges or other amounts Client owes to any of the Financial Institution. In simple terms, our right to set-off means that we may deduct such fees, charges or other amounts due by the Client under this Agreement or the other legal agreements from any of the account balances held or controlled by the Client. If such a set-off will include a currency conversion we will convert the amount Client owes according to our currency exchange rate for the date of the operation.

2.4.3 Client is solely responsible for all risks associated with maintaining Balances and e-money accounts in multiple currencies (including, without limitation, the risk that the value of these Balances will fluctuate as exchange rates change, which over time may result in a significant decrease in the value of the Balances). Client agrees that Client will not attempt to use multiple currencies for speculative trading.

2.4.4 Security Interest. To secure Client's performance of this Agreement, Client grants to us a legal claim against the funds in Client's Account as security for any amount Client may owe to us. This is known in legal terms as a "lien" on and "security interest" in Client's Account.

Such measures may include video identification and verification and/or verification selfie, software tools, documentation and information checks in official database and independent sources provided by international organizations, requesting additional information or similar

2.6. In case the Client is successfully verified by us Client's myPOS account shall be automatically activated for which the Client shall be notified accordingly. Nevertheless, we may require at any time additional information as a condition of the continued use of the Service by the Client. Client agrees to provide such information without undue delay, as we may require in this regard. The spending limits on the myPOS account (debit operations) are set out in the Tariff. The funding and receiving limits (credit operations) are visible in the online account. To change the limits Client has to contact us via email, explain the reasons for the requested change of limits and upon our discretion undergo additional due diligence and verification as we may deem necessary.

2.7 After successful completion of the verification of Client and activation of the myPOS Account and Service, Client has to make a test transaction with own card in order to check the Service and the Client's billing descriptor or other data about Client (" Client's integrational data"). Client is entitled to request a correction in Client's integrational data within two days following the test transaction. In case of lack of test transaction or request for correction of integrational data within this term, it will be deemed, that Client has approved and agrees with the integrational data for the Client registered by us.

2.8 We shall inform Client via e-mail on completion of successful integration and tests, registration of Client by us with 3D secure authorization schemes Mastercard Secure Code™ and Verified by VISA™ or other (if applicable) and shall provide to Client personalized security characteristics for the Service.

2.9 We may suspend the Service for operational reasons such as maintenance by us, by the Financial Institution or other third parties, or because of an emergency or reasons related to fraud, risk or compliance. We will restore the suspended Service as soon as reasonably practicable. The Client is responsible for taking backups of its offers, pricing and other data prior to any suspension or maintenance work and for restoring any such data lost as a result of such suspension or maintenance work. We shall not be liable for any direct or indirect loss or damage suffered by the Client or any other third party arising from the suspension of the Service.

2.10 We will use all reasonable endeavours to correct any reported technical faults in the Service as soon as reasonably practicable. However, we do not give any guarantees as to performance of the Service or any undertakings that the Service will be continuously available or free of faults, as authorization process in some cases includes participation of third parties, such as Card Organizations and Card Issuers, which are not under our control.

2.11 Occasionally we may:

- (a) for operational reasons, update the technical specification of the Service and/or update the manuals or documents related to the Service; or
- (b) require the Client to follow instructions which it believes are necessary for reasons of security or quality; or
- (c) for operational or commercial reasons, make changes in the information provided for the Client, to which Client agrees by entering into this Agreement or using the Service.

2.12 We may refuse to execute any payment transaction, payment order or other use of the Service if we have reasonable grounds to suspect fraud, a breach of the Agreement or Regulations by Client or third party. Authorizations or payouts may also be delayed due to compliance with obligations under applicable legislation or Regulations, including if we suspect that the transaction involves fraud or illegal or non-acceptable activities. In the event that we refuse to execute a transaction or payment order, Client will be notified, unless it is unlawful for us to do so or would compromise reasonable security measures.

2.13 Clients with specific businesses and Merchant category codes (MCC), such as Hotels, Cruise lines, Rent-a-Card and similar, as provided by the Rules of the Card Organizations may be eligible for Pre-authorization transactions, offered as a part of the Service. Such transactions will be available to Clients after our explicit approval for each Client. We have full discretion in the assessment of the Client's application for Pre-authorization transactions and may refuse this part of the Service to a Client or stop offering with immediate effect this type of Service for security or compliance reasons, for which we shall not be liable for whatsoever compensations to the Client.

3. Funding of account and Receipt of money:

3.1 Funding of Business accounts with amounts due by us to Client from acquiring services: Client agrees that myPOS Account will be used to settle amounts due by the Member to Client from the acquiring services under this Agreement.

3.1.1 The amounts collected by the Service shall become due to Client and shall be paid by us to Client's account for e-money via issuing of electronic money the following business day:

- (i) In case of transactions via myPOS Virtual or links or requests for payments - the business day of authorization of the transaction by the Card Issuer which is usually the same day of the transaction;
- (ii) In case of transactions via myPOS via payment card of the Card Organizations - the business day of authorization of the transaction by the Card Issuer, which is usually the same day of the transaction.

3.1.2 In case of Pre-authorization transaction, the amount of the Pre-authorization operation is not received by us and is not credited to the Client's account until due completion of the Pre-authorization transaction in compliance with the Rules of the Card Organizations and our requirements. The Client is obliged to complete a Pre-authorization transaction by confirming the transaction/s for the full or partial amount within 90 days from the date of the Pre-authorization transaction, after which the amounts collected via the Service will be credited to the Client's account. In case the Client does not complete the Pre-Authorization transaction within the period specified above or cancels the Pre-authorization transaction ("Cancellation of Pre-authorization") the amount of this transaction shall not be credited to the Client's account and the Client will be charged with a fee for the cancellation, as provided in the Tariff.

3.1.3 The amounts due by us to Client, in exchange of which electronic money shall be issued, are calculated in the following way: The amount received by us from acquiring or other payment services is decreased with the following amounts due by Client to us:

- (i) any fees, charges or compensations due by Client to us for the Services or in connection with this Agreement or other Agreements with us; and
- (ii) any charges and/or sums or payment amounts subject to chargebacks, reversals, refunds, reimbursements or any other entitlements or on other legal grounds, or compensations or penalties to be paid by us to Sub-Contractors or Card Organizations or other Regulators; and
- (iii) any amounts subject to withholding by us, such as Reserve or Hold/Pending or withheld amounts by us under this Agreement or other Agreements with us or in compliance with the laws and Regulations.

3.1.4. Amounts, collected via the Services, which are withheld by us as Reserve or as Hold/Pending under this Agreement or other Agreements or for compliance with laws or Regulations, are not yet due for payment from us to Client, until the reason for the withholding is rectified and such amounts represent conditional obligations of ours with regard to Client. Such amounts are not considered as funds received by us in exchange of electronic money, therefore, they are not electronic money or available balance in Client's account for e-money or a claim of Client towards us until the reason for withholding or Reserve is rectified and these amounts are credit to the Client's account for e-money. Client shall be able to see the amounts withheld by us in Client online account, in the Reserve account, as Reserve or Hold/Pending, where such amounts are displayed only for information purposes and not as e-money balance. We shall inform the Client on the reasons for withholding of amounts, unless it is unlawful for us to inform Client.

3.1.5 Amounts of Pre-authorization transactions are not credited to the Client's account until due completion of the Pre-authorization transaction and settlement to us, according to the Rules of the Card Organizations. Such amounts are not e-money and are not available balance of e-money. Such amounts are displayed in a separate place in the online account of the Client, who is approved for such transactions, under Tab "Pre-authorization" only for information purposes.

3.1.6 Nothing in this Agreement shall require us to provide any credit or overdraft facility to Client and it is not intended that any such credit or overdraft will be granted.

3.2 Funding transactions: Client can order a credit transfer from a bank account to Client's myPOS account for e-money provided by us. Upon receipt of the amount of the transfer by us, we will issue electronic money in the same amount and currency as the amount and currency received by us and in the same business day as the date of receipt of the funds by us. We are not responsible for and do not control when we will receive the funds from Client's payment services provider and whether the payment services provider of Client or correspondent banks will charge Client fees for the transfer and will transfer the full amount to us. Client will be notified through information in the online account in the balance and transaction history on the amount of issued money and date of credit operation.

3.3 Funding transactions, involving acquiring (if there are such) with some funding methods may be rejected or limited by us for regulatory reasons (AML/FT), risk and security or to avoid conflict between various Services by us or on other grounds, or may be rejected or delayed, for reasons beyond our control. We do not guarantee the acceptance of any particular funding method, and may make changes or discontinue the acceptance of any particular funding method at any time and without prior notice to Client, for which we are not liable.

3.4 Client agrees that Client cannot make a successful Chargeback after a funding transaction, on the ground "goods not delivered or similar", as the purchased e-money (purchased goods) is issued (delivered) by us upon receipt of funds.

3.5 Requests for payments: Client's account may also be funded with e-money via receipt of money from Virtual myPOS or links for payment for card-not present payments. The Client can send a payment request or a link for payment via the Service, which has an expiry date and amount set by the Client, and if the recipient agrees to pay to the Client, the payment will be processed as a card-not present transaction on the myPOS platform. Client understands and agrees that a sent link or request for payment is not a promise or obligation on our behalf to credit the account or card of the recipient and that the recipient of that link or request has to agree, open the link and make an e-commerce transaction with a valid card prior to the expiry date

of the payment request. We are not liable for late payments or refusals to pay via link or requests for payments.

4. Refusal, reversal of unauthorized transaction and reversal of incorrect payment orders:

4.1 If we refuse to execute a payment, the refusal and, if possible, the reasons for it as well as the procedure for correcting any factual mistakes that led to the refusal shall be notified to Client, unless prohibited by the applicable legislation. We shall provide or make available the notification to Client via email or via the online account at the earliest opportunity. We may charge a fee for providing additional information for such a notification if the refusal is objectively justified.

4.2 In case of unauthorized transaction we shall conduct a procedure for proving authentic and correct execution of payment transaction and if this procedure is completed in favor of Client, we shall reverse the operation and return the amount to Client's account, less the applicable fee in the Tariff, within the deadline provided in the law.

4.3 Client agrees that we may not always be able to reverse the amount of unauthorized transaction or incorrect payment order, in cases, where the deadlines for chargeback or reversal procedures before the Card Organizations have expired or in other cases per the rules of the respective Card Organization, in which cases we shall not owe Reversal or compensation to Client.

4.4 When Client receives a payment:

(a) Client is liable to us for the full amount of the payment plus any Fees if the payment is later invalidated for any reason. In addition to any other liability, if there is a Reversal, or if Client loses a Chargeback or Claim, Client will owe us an amount equal to the Reversal, Chargeback or Claim and applicable fee as per the Tariff and other charges related to the Reversal, Chargeback or Claim. We shall debit Client's account to recover any amounts and fees, due by Client in connection to Reversal, or Chargeback or Claim or Reserve, immediately and without prior notice;

(b) in case Client receives a payment to a sub-account, which the Client has disabled via the Service, we shall not be liable for crediting the Client's account. In such case we shall place the credit transfer as "pending" and shall request from the Client via e-mail approval to credit one of the other sub-accounts in the same currencies or other currencies and if there is no approval via e-mail by the Client, we shall return the amount of the transaction to the original payer and may charge the Client with a fee for reversal.

4.5 Client agrees that in case a payment transaction is not approved for some reason or client wishes to refund full or partial amount, then the following rules shall apply:

(i) Reversal or refund of full amount of transaction - the amount of the transaction is refunded in the original type of currency; or

(ii) Partial reversal or refund of amount of transaction - the amount subject to reversal or refund is refunded in the currency of the transaction; or

(iii) If payment has been made with Card via debiting of linked Funding Instrument - the amount subject to reversal or refund is refunded in the currency of Card; or

(iv) If payment has been made with e-money via debiting of linked Funding Instrument - the amount subject to reversal or refund is refunded to Funding instrument if possible, or if not possible is refunded in Client's account in the currency of the transaction.

4.6 Chargebacks, Reversals, Refunds or Claims, related to the acquiring services:

4.6.1 Client acknowledges and agrees that Client may become liable to us for the full or partial amount of any payment, received by us or Client from the Service plus any fees or charges if the payment is later invalidated for any legal reason, including but not limited to charge back or reversal of a payment transaction, or chargeback of card-not-present transaction for payment via the Links or Requests for payments, or on other legal ground. In addition to any other liability, if there is a reversal, or if Client loses a chargeback or claim, Client will owe to us an amount equal to the reversal, chargeback or claim and applicable fee as per the Tariff and other charges related to the reversal, chargeback or claim.

4.6.2 We are entitled to withhold amounts to be paid to Client or debit amounts from Client's account, equal to the amounts subject to chargeback, reversal, refund, any claim related to Pre-authorization transactions or MOTO or e-Commerce or other claim, including the fee owed by Client and any fees and compensations paid to the Regulators, during the time of the procedure or later on, notwithstanding if the amounts have already been credited to Client's Account. Depending on the outcome of the claim against us or the Client, we are entitled to:

(i) In case of successful chargeback, reversal, refund or claim, to reimburse the funds to the Payer or cardholder (or Card Organization) or other appropriate third party and charge Client for these amounts, including applicable fee, by deducting them from the amounts due by us to Client or by debiting Client Account. In such case, we shall be entitled to debit the e-money balance first in any currency and any account of the Client opened with us, and then the Reserve, if there are insufficient funds in the e-money balances. Alternatively:

(ii) In case of charge back, reversal, refund or claim, which has been decided in a non-appealable way as not successful, to release the withheld or blocked amounts to Client.

4.6.3 Client acknowledges that the validity of a chargeback, refund, reversal or claim will be determined by the relevant Card Organization or other third-party payment service provider and we will have no discretion on the matter. We are not liable to Client in respect of any reimbursement to cardholder (or Card Organization), their payment service provider or other appropriate third party because of a chargeback, refund, reversal or claim.

4.6.4 In case a cardholder escalates a chargeback or similar procedure before the Card Organization, under the rules for arbitration procedure of the Card Organization, we shall inform Client of this and shall cooperate with Client in such procedure as per the Regulations. All costs or fees incurred by us in such procedure, including the costs or fees, paid by cardholder, in case of loss of the procedure, shall be on account of Client.

4.6.5 Client acknowledges and accepts that we may restrict or suspend the use of the Service and/or terminate this Agreement immediately and without advance notice in the event that the levels of chargeback, refund, reversal or claims connected with the Client website or offers are, in our sole opinion, excessive.

4.6.6 In case we have reasonable doubts or we receive information from Card Organizations or Regulators for payments with stolen cards, false cards, or unauthorized payments with cards or other irregularities in connection with Client website, we have the right to withhold or block all due amounts to Client, including in Client Account and to start an investigation without prior notice to Client. Client is obliged to cooperate with us and present us all requested information related to the alleged fraud or unauthorized payments. We have to complete our internal investigation within a reasonable period and to inform Client of the outcome. Client acknowledges and agrees that in some cases of violations we may be obliged to report Client websites to registers of Card Organizations or Regulators and terminate the Service for the Client.,

4.7 Other rules for use of the Service:

4.7.1 Without prejudice to the above, Client agrees and acknowledges that the reporting and payment of any applicable taxes arising from use of the Service and which by law are obligations of Client, is Client's exclusive responsibility and liability. Client hereby agrees to comply with any and all applicable tax laws.

4.7.2 We may at our discretion block the possibility for specific types of payment transactions in principle or in countries or in some cases, in order to comply with risk and compliance requirements. We may, at our reasonable discretion (for example, for fraud, risk and compliance reasons) impose limits on the amount of money Client can withdraw, transfer, receive or fund for a certain period of time or for the whole period of use of Service.

4.7.3 Client acknowledges and agrees that: (a) The sales of Goods and Services are transactions between the Merchant and Client and not with us, unless we are expressly designated as a Seller (Merchant) in the transaction. We are not liable for the performance obligation of Merchants.

4.7.4 We shall provide to Client information on balance/s, IBAN numbers and other unique account identifiers, information on acquired and settled transactions, information of payment transactions, history of transactions, status of account, status of other payment instruments, notifications to Client and other important information via email to Client's registered email or via the online account of Client, via SMS to the registered mobile phone of Client or via the website for the Service.

4.7.5 Client will be able to view Client transactions free of charge in Client's account transaction history, which is updated regularly, and Client agrees not to receive paper statements. We shall send to Client's registered e-mail on a monthly basis a link to the Client's account to check its balance and/or transaction history. Upon Client request we may, upon our discretion, provide Client with additional statements, paper or otherwise, of the transactions but in this case, we may charge Client a reasonable administration fee. We may charge Client a fee for other information services, different from the standard information services, provided via the Service or additional services provided by us, as provided in the Tariff.

4.7.6 In case Client wishes to use an alternative method for two-factor authentication and receipt of one-time password, as may be required by the Service, Client has to select this option from Client's online account. Transactions, operations and activities confirmed with the one-time password, generated via each of the available two-factor authentication methods, supported for the Service, will be considered as valid and binding on the Client.

5. Reserve, Hold/Pending and other Protective Actions:

5.1. We shall be entitled to withhold and keep as a Reserve acquired Client's funds for securing the performance of the Client's obligations under this Agreement and the applicable laws and Regulations. The Reserve is percentage ("Reserve Percentage") of the amount of the processed card transactions that are settled to the account of the Merchant. The Reserve may be applied

by us to certain or to all types of card transactions, which may include myPOS Online, MOTO, card present, but not only. The Reserve Percentage that is applied to processed card transactions may vary between 10% and 30 % or even higher percentage on the basis of risk factors related to the Client. We reserve our right to determine lower or higher Reserve Percentage at any time as specified below.

The Reserve may be set in the online account of the Merchant for the Service. If the amount of the Reserve is depleted or diminished, we shall be entitled to withhold amounts from all types of credit transactions to the account of the Client, to replenish the amount of the Reserve.

The amounts withheld by us as a Reserve will be kept by us for a period up to 6 (six) months after authorization of the card transaction which is processed or for a longer period if this is necessary for the protection of our legal interests. All amounts kept by us as a Reserve will be displayed in Client online account for the Service. Such amounts do not represent electronic money and the client may not use, redeem until the reserve period elapses and the amounts are credited to the Client's balance of e-money. The funds will be withheld with operation Withhold Reserve and shall be released with operation Release Reserve.
