3.2 You are able to control the security of the payment instruments by enabling or disabling them for certain transactions, such as Internet transactions, ATM cash withdrawals, receipt of SMS after each transaction with Card, and imposing limits, which are more stringent than our default spending limits via the Service (online account, myPOS Mobile App or SMS commands). You agree to use the available security control mechanisms to minimize the risks of unauthorized access to your account and unauthorized transactions.

- iii) Each payment order from an authorized user will be considered as approved by you and irrevocable per the rules above. In case you wish to limit the access rights for access to the payment instruments of certain authorized users, you or the legal representative of your business entity or a person explicitly authorized by you as per our requirements, can perform this operation via the online account or send to us a request duly signed by you via the Client's registered e-mail.

You agree to notify us via the Contact Center, immediately and without delay in case of loss, theft, misappropriation or unauthorized use of credentials and/or personalized security features and/or payment instruments, including, but not limited to Cards, and to take all preventive and security measures as allowed by the Service, including to disable the compromised payment instruments via the Service, or allow us to do it and limit the risks of unauthorized transactions and damages. You also agree to notify us without undue delay and in the same manner of any other breach of security regarding the Service of which you have knowledge.

3.6 We may suspend the use of the Card in part or wholly, including blocking the Card/s or the Contactless Payments, where we suspect that its/their security may have been compromised or that unauthorized or fraudulent use has taken place. We will inform you in advance or, if that is not possible, immediately after, the suspension of the use of the Card, specifying the reasons for the suspension, unless such provision of information would compromise reasonable security measures or otherwise be unlawful. We will unblock the use of the Card or replace your personalized security characteristics as soon as practicable after the reasons for the suspension cease to exist and on condition that you have performed all obligations towards us.

Where your payment for e-money is funded by a linked Debit or Credit Card and involves a currency conversion, by entering into this Agreement you agree and authorize us to convert the currency in place of your Credit or Debit card issuer.
