- 1. With other members of the myPOS and iCard AD's corporate family:** We may share your Personal Data with members of the myPOS and iCard Group of companies or within our extended family of companies that are related by common ownership or control, so that we may provide the Services you have requested or authorized or to manage the risk, or to help detect and prevent potentially illegal and fraudulent acts and other violations of our policies and agreements and to help us manage the availability and connectivity of myPOS Services and communications.
- 2. With our distributors:** We may share information related to you or your company with our distributors, which help us to provide you with the best myPOS experience. Our distributors may help us in onboarding you or your company, with your transactions, myPOS terminal orders and other similar activities, for which they may process some of your personal information.
- 3. Aggregated Data.** We may also share aggregated information (information about our users that we combine together so that it no longer identifies or references an individual user) and other anonymized information for regulatory compliance, industry and market analysis, demographic profiling, marketing and advertising, and other business purposes.
- 4. With our legal counsels for the purposes of protecting our legal rights.** We may share any information which is necessary to protect our legal rights to legal counsels or similar parties.
- 5. Monitoring.** We may monitor or record telephone calls, emails, web chat or other communications with you for regulatory, security, customer services or training purposes. When visiting our offices, CCTV, access control systems and/or other monitoring systems may be in operation.
- 6. Business Transfers.** If any of the companies that provides myPOS Services is involved in any merger, acquisition, reorganization, sale of assets, transfer of portfolio, bankruptcy, or insolvency event, then we may sell, transfer or share some or all of our assets, including your information in connection with such transaction or in contemplation of such transaction (e.g., due diligence). In this event, we will notify you before your personal information is transferred to a different legal person and/or becomes subject to a different privacy policy.
- 7. Credit offerings.** In some markets, we may have provided the option to receive credits/loans from third-party loan

provides through the myPOS platform.

Where we have shown a pre-approval for a specific loan in your myPOS account, this has been done solely on anonymized data shared to such third-party loan providers. Therefore, these loan providers do not hold any personal data about you or the persons related to your business at the pre-approval stage.

However, in case you decide to enter into a relationship with said third-party loan provides through the myPOS platform, we will share certain information about you and your use of the myPOS service to these loan providers, namely:

- any information that is required by the loan provider for “Know-your-customer” purposes, which may include any copies of official ID documents of you and the persons related to your business, UBO information, etc.
- in case you are operating your business as a as a natural person, certain transactional data, such as your historic transactional volumes and types of transactions or the transactions themselves, for the last 12 to 24 months. Please be aware that after you have agreed with the relevant terms and conditions of the third-party loan provider and we have consequently forwarded the abovementioned personal data to such third-party loan provider, it will process your personal data as a data controller according to their own privacy policy or notice, which shall be made available to you as explained above. We are not responsible for any further processing done by such third-party loan provider(s) and you should address any complaints related to their use of your data to said third-party loan provider(s).

V. Decisions based solely on automated processing.

Sometimes, our systems may take decisions based solely on automated processing. This does not mean that we will always use automated decision making for these processing activities. In case you believe that you have been unfairly treated by our automated decision-making systems you may ask that a person reviews the decision at all times by contacting us as described in the “How do I complain?” section. Such decisions may be done for processing activities that include:

| Processing activity | Automated processing logic |
|---|---|
| Detect and prevent fraud, abuse, security incidents, and other harmful activity by blocking myPOS Service or by applying other fraud prevention measures. | Our fraud-prevention and monitoring systems may sometimes take automated decisions in regards to suspicious behavior. For example, we may block a certain transaction which was made in a remote part of the world just a few minutes after your last login from your home country. |

VI. Information collected about you from third parties.

We may ask certain entities for information about you when you are enrolling for our services.

Such entities are generally fraud prevention agencies and Know Your Customer and Anti Money Laundering Checkup service providers which help us to fulfil our legal obligations for due diligence on our customers.

We may also collect information about you from public sources for Anti Money Laundering reasons or market research. This includes:

- official public records, like your national Company register;
- information published by the press or on social media.

In case you use any of the linked services, provided by one of our partners, such as the insurance services, they may share details with us about your deal.

VII. Data Retention and Erasure.

We generally retain your personal information for as long as is necessary for the performance of the contract between you and us and to comply with our regulatory obligations. If you no longer want us to use your information to provide myPOS Service to you, you can request that we erase your personal information and close your myPOS Account, providing your account is in good standing, not blocked or somehow limited for compliance, risk or regulatory reasons, or due to your outstanding obligation to us, court order, pledge or order by another regulator or other reason which prevent us by law to close your account or terminate the Service. In case the Data Controller is a regulated financial institution, such as credit institution, E-money institution or similar, such Data Controller is obliged under PSD and AML laws to keep your personal information and all

transactions history for a period of 5 years after the termination of the relation with you (or where the laws of the United Kingdom of Great Britain and Northern Ireland are applicable – for a period of 6 years). Please note that if you request the erasure of your personal information:

We may retain some of your personal information as necessary for our legitimate business interests, such as fraud detection and prevention and enhancing security. For example, if we suspend a myPOS Account for fraud or safety reasons, we may retain certain information from that myPOS Account to prevent that client from opening a new myPOS Account in the future. We are also obliged to retain personal data which we have collected for the purposes of complying with the relevant anti-money laundering and anti-terrorism financing for a period as defined under the applicable law.

We may retain and use your personal information to the extent necessary to comply with our legal obligations. For example, myPOS may keep some of your information for tax, legal reporting and auditing obligations.

Because we maintain our records in a manner protecting from accidental or malicious loss and destruction, residual copies of your personal information may not be removed from our backup systems for a limited period of time.

In case you started but did not finish an application for a myPOS account on the myPOS platform, we will retain your contact information for a period of 12 months after the creation, based on our legitimate interests. During this period, we will try to help you finish your application by sending you helpful emails, reminders and, in some cases, discounts. You can unsubscribe from these emails by clicking the unsubscribe button on any of them, found in the footer, or contacting us at dpo@mypos.com

VIII. Your rights.

You may exercise any of the rights described in this section before the respective Data Controller pursuant to the Legal Agreements by sending an email from your e-mail registered for myPOS Service to the respective Company providing the Service to you under the respective Legal Agreement stated below. Please note that we may ask you to verify your identity before taking further action on your request. Please note that upon receipt of your e-mail we shall try our best to provide you with the requested information and resolve your request in reasonable time, subject to all obligations which we or the related companies have under the applicable laws.

8.1. Managing Your Information.

You have the right to obtain the following:

- confirmation of whether and where we are processing your personal data;
- information about the purposes of the processing;
- information about the categories of data being processed;
- information about the categories of recipients with whom the data may be shared;
- information about the period for which the data will be stored (or the criteria used to determine that period);
- information about the existence of the rights to erasure, to rectification, to restriction of processing and to object to processing;
- information about the existence of the right to complain to any Regulator;
- where the data was not collected from you, information as to the source of the data; and
- information about the existence of, and an explanation of the logic involved in, any automated processing.
- Additionally, you may request a copy of the personal data being processed.

8.2. Rectification of Inaccurate or Incomplete Information.

You have the right to ask us to correct inaccurate or incomplete personal information concerning you (and which you cannot update yourself via your online access to myPOS Account).

8.3. Data Access and Portability.

You have the right to:

- receive a copy of your personal data in a structured, commonly used, machine-readable format that supports re-use;
- transfer your personal data from one controller to another;
- store your personal data for further personal use on a private device; and
- have your personal data transmitted directly between controllers without hindrance.

In some jurisdictions, applicable law may entitle you to request copies of your personal information held by us.

Because we maintain the myPOS to protect from accidental or malicious loss and destruction, residual copies of your personal information may not be removed from our backup systems for a limited period of time.

8.4. Withdrawing Consent and Restriction of Processing.

Where you have provided your consent to the processing of your personal information by us you may withdraw your consent at any time by changing your Account settings or by sending a communication to us specifying which consent you are withdrawing. Please note that the withdrawal of your consent does not affect the lawfulness of any processing activities based on such consent before its withdrawal. Additionally, in some jurisdictions, applicable law may give you the right to limit the ways in which we use your personal information, in particular where (i) you contest the accuracy of your personal information; (ii) the processing is unlawful and you oppose the erasure of your personal information; (iii) we no longer need your personal information for the purposes of the processing, but you require the information for the establishment, exercise or defence of legal claims; or (iv) you have objected to the processing and pending the verification whether our legitimate grounds override your own.

8.5. Objection to Processing.

In some jurisdictions, applicable law may entitle you to require us not to process your personal information for certain specific purposes (including profiling for marketing purposes) where such processing is based on legitimate interest. If you object to such processing we will no longer process your personal information for these purposes unless we can demonstrate compelling legitimate grounds for such processing or such processing is required for the establishment, exercise or defence of legal claims. Please note that Data Controllers which are regulated financial institutions, such as credit institutions, E-money institutions or similar are obliged under AML laws to make risk profiling of their customers upon opening of the relationship and constantly during the relationship and this is a legitimate reason. In case you do not wish us to process your personal data for certain specific purposes, which are legitimate purposes to us, you shall have to close your account or we may have to stop providing you some or all of the Services, subject to all conditions for the closing of the account, specified above in this Section.

Opting out

You can ask us to stop sending you marketing messages at any time by [contacting us](#).

Please bear in mind that irrespective of your opt-out, related to marketing messages, you will still continue to receive specific messages, which we are required to send you under the applicable legislation, insofar as you still have a legal relationship with us.
